

Combo Class – This is our ballet/tap/tumbling combo class for the little ones. During this early stage, the development of strength, flexibility and coordination is focused upon. The development of rhythm, coordination, and timing are also focused upon. Dance terminology is presented while dance steps are combined to music. Basic tumbling skills “mat time” will be taught in the last 15 minutes of this 1-hour class. Tap shoes, ballet shoes are required.

Ballet - Includes traditional barre and center work designed to build a beautiful, graceful, and healthy body with fine posture and poise. With sufficient study of ballet, proper technique and a strong body, a dancer may advance to Pointe work.

Tap - Tap is the most rhythmic of the dance forms. Tap is an excellent way to increase coordination of the mind and body and to develop a sense of rhythm, timing, and expression. It explores the use of smaller muscles of the feet and body, along with the larger ones. Significance is placed on the articulation of tap sounds while working to perform them "close to the floor" and on the "balls of their feet" along with "style and presentation."

Jazz -This is a fun and exciting dance form. Because jazz technique requires a sound knowledge of ballet terminology and technique, we recommend that jazz classes be taken in conjunction with a ballet class. Students will learn jazz isolations; turn techniques, floor work, and combinations.

Contemporary –This form of dance is a combination of ballet, jazz, and modern. Dancers focus on technique, expression of emotion through music, floor-work, lifts, partnering, and spatial progressions.

Hip Hop - includes the styles of dance you see on shows like *America's Best Dance Crew* and *So You Think You Can Dance*. In the genre of Hip Hop Dance you will find the popular street dances such as: breaking, popping, locking, housing, jerking, shuffling, and hip hop choreography which is generally a combination of these styles sequenced into a dance routine. Our Hip hop classes expose you to as many of the popular styles as possible.
